- Efficient Infrastructure
- Clean Air & Water
- Housing Choices
- Transportation Choices
- Local Food Production
- Create Great Places
- Regional Prosperity
- Healthy People

Efficient Infrastructure

Building infrastructure extensions to serve low density sprawl and leapfrog development is not as efficient as developing near existing roads, sewers, and utilities.

To make the best use of our current investment and to keep operating and maintenance costs low, we must fully use our existing infrastructure.

This goal is not above the line.

★ Favorite

To compete on a global stage and grow and attract new business that will build a foundation for regional prosperity, we must invest in both people and infrastructure.

To build a prosperous region, we need to:

Attract and retain talent

Attract talented workers and keep our locally grown talent here.

★ Favorite

Educate and train local talent

Develop the facilities and support systems to grow our young people into contributing members of the local economy.

★ Favorite

Provide adequate infrastructure

Provide transportation, water and energy systems to support the growth of our economy.

★ Favorite

Take advantage of our economic assets

Use our natural assets wisely and leverage our existing institutions and economic assets fully.

★ Favorite

Collaborate throughout the region

Provide opportunities for regional collaboration, since our prosperity is better if we all work together.
